## Porter Uniform Alteration Guidelines

| Garment     | Alteration Area      | Guidelines  |
|-------------|----------------------|---|
| Blazer      | Bodice Length        | Shorten up to 2" max; must remain longer than sleeve length when standing.  |
|             | Sleeve Length        | - Shorten: No higher than 1" above thumb top.<br>- Lengthen: No longer than middle of palm.                                 |
|             | Waist Tapering       | Up to 1" per side (2" total).   |
| Trousers    | Hemming              | Must rest at the top of the back heel.  |
|             | Waist Adjustment     | Take in / Let out: Up to 1" total.  |
|             | Tapering             | From top of knee down, max 0.5" per side. Slim fits not allowed.  |
| Skirt       | Hemming              | Must fall at the middle of the knee.  |
|             | Waist Adjustment     | Take in / Let out: Up to 1" total.  |
| Dress       | Hemming              | Must fall at the middle of the knee.  |
|             | Sleeve Length        | Must fall between 3–4" from top of elbow.   |
|             | Waist / Hip Tapering | Up to 1" per side (2" total). No skin-tight alteration is allowed.  |
| Shirt       | Sleeve Length        | Must reach top of hand, just below wrist.   |
| Trench Coat | Hemming              | Male Pilot / Flight Attendant: No shorter than mid-thigh. Female Pilot / Flight Attendants: No shorter than bottom of knee. |
|             | Sleeve Length        | No higher than 1" above thumb top; no longer than middle of palm.   |

## IMPORTANT NOTES

- Garments should retain intended structure and must not be altered to reflect personal fashion preferences.
- Custom adjustments beyond these specifications require prior written approval from Porter Uniforms.
